IIC University of Technology is International Trade Centre's local partner in Cambodia. Under this collaboration, IIC is fully licensed to offer the Modular Learning System in Supply Chain Management® programme for the Cambodian people with the capacity to build up their supply chain skills to meet both local & global expectations and how businesses can stay competitive in international arena.

The Modular Learning System in Supply Chain Management® is initiated by ITC and supported by the United Nations (UN) & the World Trade Organization (WTO) and ITC's global network institutions.

IIC is ready to deliver such important training to local people in Cambodia. We are committed in education sector and we always want to see the Cambodia civil servants and business- persons are capable to compete in the globalization businesses as well with international businesses.

About International Trade Centre (ITC)

The International Trade Centre (ITC) with headquarters at Geneva, Switzerland, the development partner for export success, is the joint technical cooperation agency of the United Nations (UN) and the World Trade Organization (WTO).

ITC in its aim to contribute to the achievement of the Millennium Development Goals, generates sustainable incomes and livelihoods especially for poor households, by connecting enterprises to global markets and enables small business export success in developing and transition countries by providing, with partners, inclusive and sustainable trade development solutions to the private sector, trade support institutions and policy-makers.

It responds to enterprises' rapidly growing need to develop skills in Supply Chain Management, a key area for competitiveness and export performance.

For further information on ITC's related tools and services, you may visit ITC website at <http://www.ipscm-learningnet.net>

Introduction on ITC's Modular Learning System in Supply Chain Management®

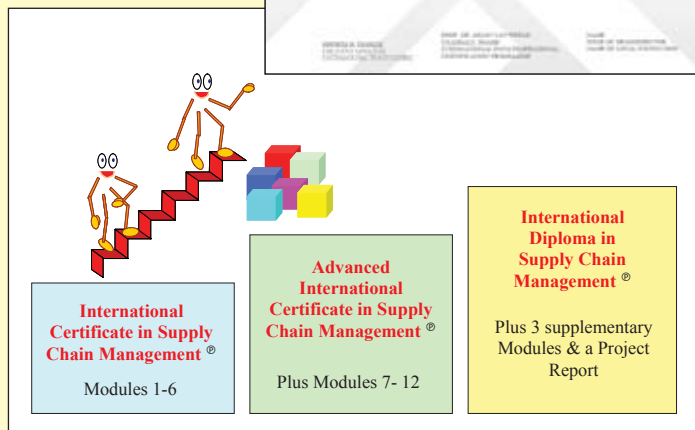

The MLS-SCM® materials consists of a series of complete training modules covering all key aspects of purchasing and supply chain management in a practical and structured manner.

The ® symbol signifies the power of purchasing which is one key element of this programme.

The MLS-SCM® currently consists of the following Modules:

The programme is currently offered by ITC global network of 135 institutions in 55 countries. The Professional Certification Programme offers three levels of professional recognition. ITC will award International Certificate in Supply Chain Management® after successful completion of the exams as follows:

Benefits of the Programme

HOW can we help you and your company to be more Competitive and Value Added ?

- ✓ Does your organization or business spend a significant portion of revenue (up to 60%) to cover purchasing and supply chain costs?
- ✓ Does your organization or business find it challenging to cost-effectively remain competitive in the local and/or global economy?
- ✓ Do you believe that improving purchasing and supply chain management can help your organization or business to be more competitive and value added to your customers?
- ✓ Do you find it difficult to train and develop your personnel to be skilled and effective in purchasing and supply chain management?

If you answer, "YES", to any of the above questions, sign-up for our MLS-SCM® programme **NOW!!!**

Discover the Skills, Techniques and Knowledge of Supply Chain Management in a practical manner. You will experience and learn valuable concepts and tools, such as the Supply Positioning Model.

What You Will Benefit...

"Buying into Competitiveness" is an ITC-led initiative that answers SMIs / SMEs / MNCs / Enterprises rapidly growing need to develop knowledge & skills in this key area. Businesses which typically spend around 60% of their revenue on purchasing & supply costs can greatly enhance their competitiveness and delivery through improved purchasing & supply chain management.

Benefits to your business

- ✓ Ensuring your continuity of supply
- ✓ Reducing supply lead-times
- ✓ Optimising the quality of your supply of inputs
- ✓ Promoting supply innovation
- ✓ Reducing supply and inventory costs

Who should attend?

- ❖ Purchasing & Supply Chain professionals and managers
- ❖ Personnel involved in contract management, production, inventory control, store / warehouse, shipping / logistics
- ❖ Supplier Quality Engineers, Supplier Development Engineers
- ❖ Administrative / Clerical staff
- ❖ Those who are interested to enhance their skills and knowledge in the International Purchasing & Supply Chain Management field

Potential Job Opportunities

Purchasing, Logistics, Materials, Supply Chain, Inventory, Warehouse, Import/Export, Store, Consultant, Trainer, and many more....
